

26 June 2022: Concert at Goethe-Institut, Woollahra

A Wagner Society in NSW in-person event

Marjorie Lawrence: The World at her Feet is the latest production by documentary film makers Wayne Groom and Dr Carolyn Bilsborow.

Richard Davis' 2012 biography *Wotan's Daughter: the Life of Marjorie Lawrence* inspired the directors to make the film which celebrates the career of the woman who 'was the most famous Australian woman in the world in the 1950s, but now has largely been forgotten,' according to Wayne.

Members and friends watched the documentary on Sunday 26 June. You can view the earlier zoom talk about the film by the film makers for the Wagner Society at <https://youtu.be/yGUH9yyQkhg>
