

Letters to our Friends

Dear Members,

“All who live love change” - that is how we might describe the situation we have all been facing for more than a year now. Since yesterday’s electronic mailing, things have changed - and this time in a positive way, we are happy to report: we have just received the news from the health authorities that 900 people per performance will be allowed into the auditorium. That means that our capacities have increased and we shall now do everything we can to inform you as soon as humanly possible whether we can allocate you tickets and, if so, which ones.

We do hope that you will understand that we need some time to process your requests for tickets. If you have any questions, we would therefore ask you preferably to send them by e-mail at present.

With best wishes from Bayreuth,

*Ina Besser-Eichler
Kirsti Neumüller
Ágnes Lenkeit
Pierre Soldatenko*
